Trap: Plant of Sound.
If a voice of a living being is heard within 50 meters, this will trigger immediately.

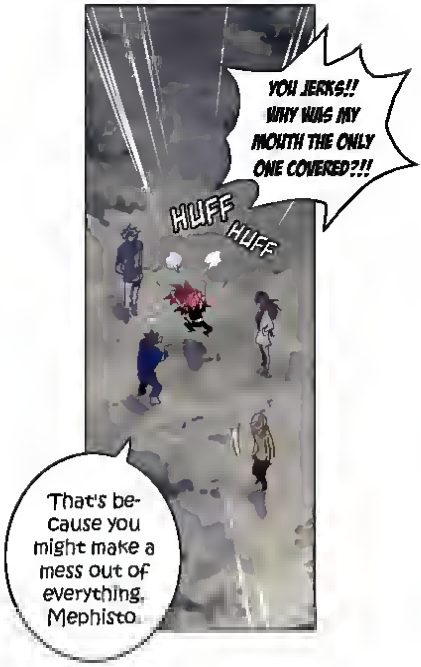
Once the trap is triggered, it spews mucus around its surroundings which induce paralysis.
However, since the plant is weak to physical blows, if you attack the plant before it triggers, you can easily remove it.

You can all talk now
Puah!



YOU JERKS!! WHY WAS MY MOUTH THE ONLY ONE COVERED?!!
HUFF HUFF
That's because you might make a mess out of everything, Mephisto.

Up until now, you almost triggered these traps over ten times...
Even a couple minutes ago, we were almost in danger because you kept moving around on your own, you devil bastard!

Be a little more cautious, Mephisto

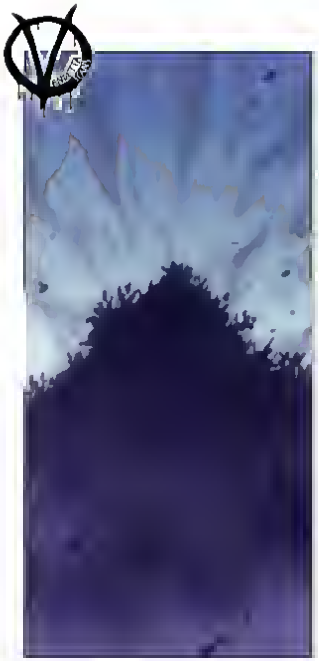
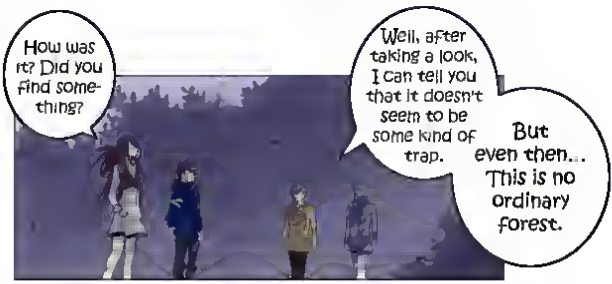
Where is... This place?

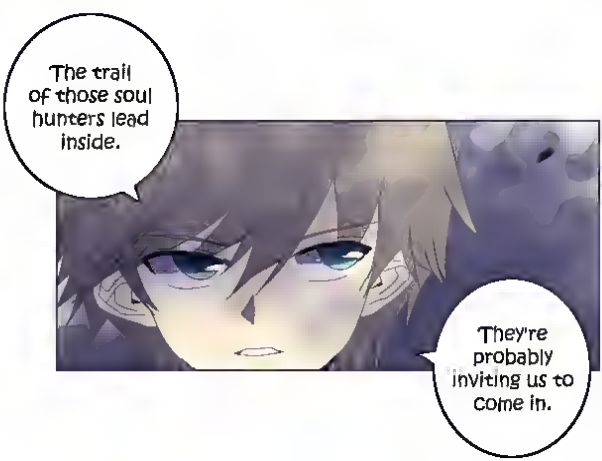
A violet... Forest...?
What a creepy forest...

Indeed .. This doesn't seem to be an ordinary forest.
For now, it would be best not to enter the forest rashly.
Yes.
Cherub and I will go on ahead and take a look around. Miss Soo-In, Shi-hoon, and Mephisto will wait here.
Alright.





How was it? Did you find something?
Well, after taking a look, I can tell you that it doesn't seem to be some kind of trap.
But even then... This is no ordinary forest.



The trail of those soul hunters lead inside.
They're probably inviting us to come in.

It seems this forest is... A stage...
That the hunters set up...
Fine by me. Not like we can head back after coming this far.
We have no choice but to agree...!

Hm?
What's this?

A tomb-stone ...?

There seems to be something written on it.
...
What are you stalling for now?! Let's just leave already!
Wait a little, you devil bastard.

This is .. One of the Underworld's ancient languages.
'Higgelatero' ...

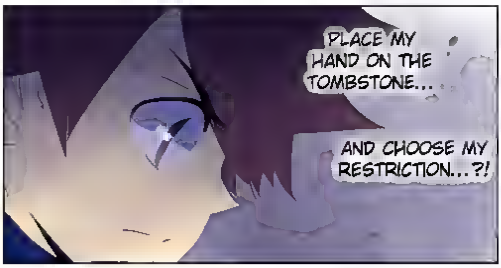
Can you read it?
Yup. I learned them since there were a lot of sources on ancient languages before I reincarnated...

Hey Ketchup! What about you? Can you read that?
FLINCH
I'm part of the Special Investigations group. Ancient languages are not my forte.
Aha, so you can't read it, huh? Man, you are a boring person, aren't ya?
I can care less what an Archdevil thinks about me.

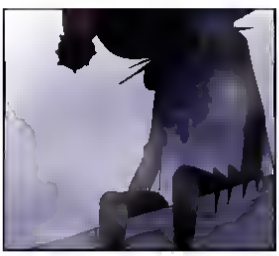
So, what does it say...?

...'The forest wrapped in violet.'
Certain restrictions shall be placed on all beings who pass through this forest...

THIS MAY BE A COMFORTABLE PLACE TO SOME...
BUT MAY ALSO BE A SUFFERABLE PLACE FOR OTHERS
PLACE YOUR HAND ON THIS TOMBSTONE AND CHOOSE YOUR RESTRICTION.



PLACE MY HAND ON THE TOMBSTONE...
AND CHOOSE MY RESTRICTION...?!



TWITCH

WAH! THAT THING MOVED JUST NOW!!
WHAT?!

REVEAL YOURSELF!!
SFX: FLASH

...Welcome, everyone.
CREAK

I welcome you...
To this violet forest I created.

Are you... A trap shaman?
Indeed, that is so.
All the traps you have faced so far are my work.
But right now... I am merely borrowing this puppet to speak in my place.
As to why I cannot show myself, please understand.

CACKLE
CACKLE

WHERE ARE THE SOULS?!

Haha. Don't get so worked up~ They're all safe and sound... For now.
I can't say what will happen to them from this point on..
Release those souls this instant!
Of course. If you desire them, take as much as you wish.

If you can defeat us, of course.

From this moment onwards...
I wish to propose a single game to you all.

This forest is a place I painstakingly made.
You can even call it a special stage for this fight.
This isn't a place like the abyss.
There are nothing like traps within the forest, so you do not need to worry about that factor.

However... There is one restriction.

RESTRICTION...?!

STEP
What is it..?

This restriction of yours...?

To put it simply...
Whoever enters this forest, will undoubtedly be put under some kind of constraint
That restriction... Obviously also applies to me, who designed this place.
Basically... Anyone who enters the forest cannot avoid this rule.

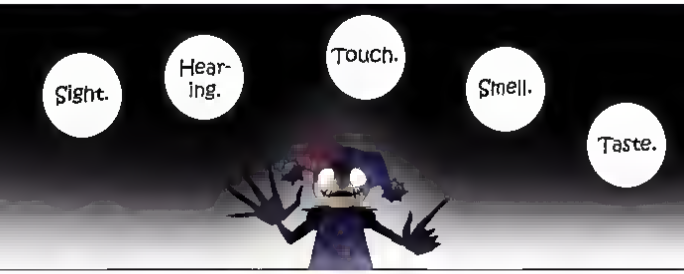
The Forest of Restriction.

The forest...
Restricts your very senses.

RESTRICTS OUR
SENSES...?!

All living beings have senses.

But since there are so many different classifications...
I narrowed it down to just five senses.



Sight.
Hearing.
Touch.
Smell.
Taste.

If any of these senses are lost, I'm sure it will be incredibly discomforting.
Soon all of you will be able to experience this yourselves.

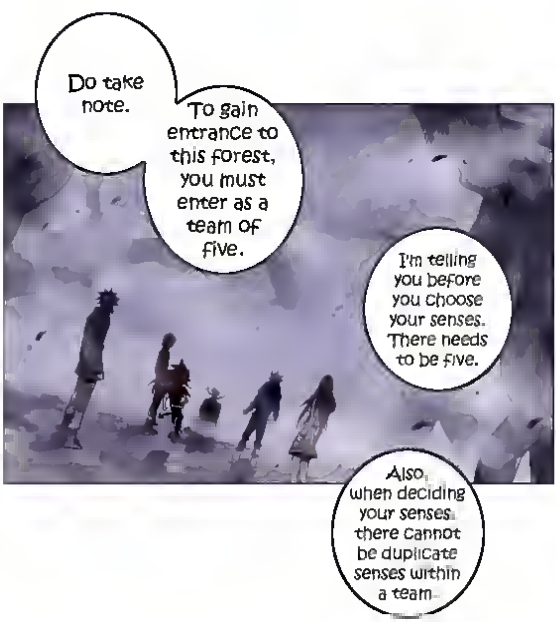
Anyways...
Out of those five senses...
You just need to pick a single one to restrict.

For example...
If someone who enters the forest chooses to seal away their taste...
That person won't be able to tell what they're eating no matter what they eat during the span they're here.

If you seal your sight, you won't be able to see...
If you seal your hearing, you won't be able to hear...
It's like that.

So basically... You won't be able to use that sense.
Exactly. Since it's restricted.
As for what sense to restrict... All of you need to individual decide.

The method is simple.
Place your hand on this tombstone and say what sense you're going to restrict.
However...

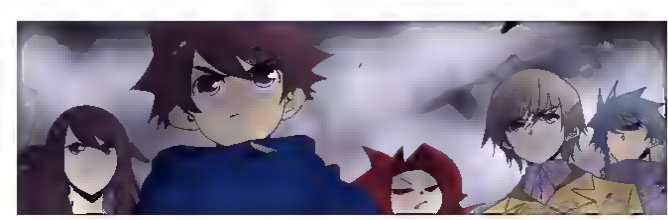


Do take note.
To gain entrance to this forest, you must enter as a team of five.
I'm telling you before you choose your senses. There needs to be five.
Also, when deciding your senses, there cannot be duplicate senses within a team.

For instance, if one person in a team chooses to restrict sight, the other team members much select a sense apart from sight.
Basically, each member must choose a different sense from their teammates.

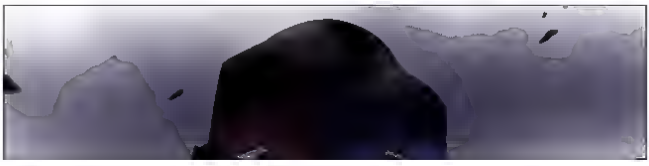
So, what do you think?
This is a special rule I made just for all five of you.
Obviously, when you were all trapped in the Seal of the Abyss, I already figured out how many of you there were.

Although..
It's a regret you all terrifically escaped...



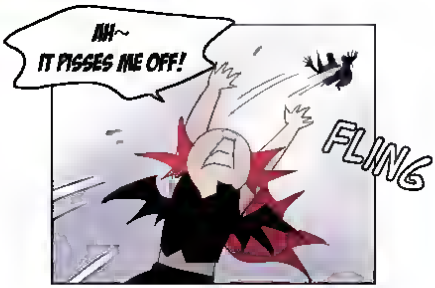
That is all I have to say.
What senses you restrict .. Whether the individual decides or the team decides.. It doesn't really matter to us, but...
If you care about those souls, I ask that you don't take too long to choose...

Since we don't have that much patience.
CREAK
CREAK
Then... We shall... Be... Wai... Ting...
CLANK

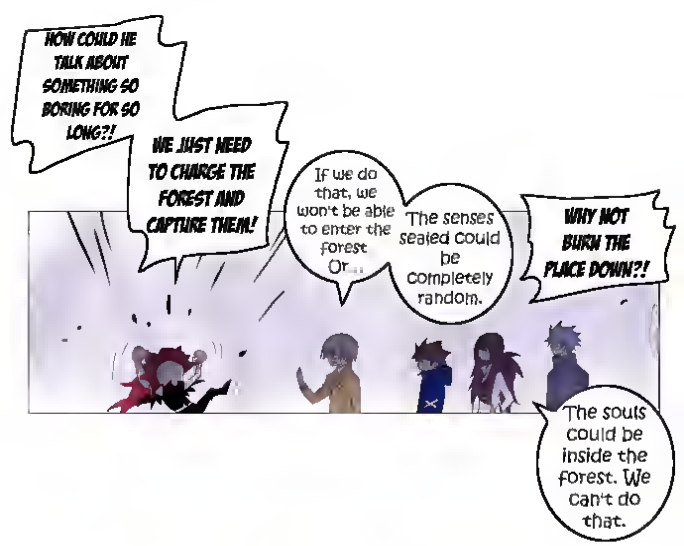


TAP
Hmph!
CLATTER
For some punk ass coward to come and speak through this puppet...

...



AH~
IT PISSES ME OFF!
FLING



HOW COULD HE TALK ABOUT SOMETHING SO BORING FOR SO LONG?!
WE JUST NEED TO CHARGE THE FOREST AND CAPTURE THEM!
If we do that, we won't be able to enter the forest. Or...
The senses sealed could be completely random.
WHY NOT BURN THE PLACE DOWN?!
The souls could be inside the forest. We can't do that.

It's best to decide now, Mephisto.

THE FIVE OF US MUST...
CHOOSE A SEPARATE SENSE FROM EACH OTHER...

For us to decide one sense to seal...
What should each of us choose..?

I choose 'touch'!
RAISE
I can barely feel pain from the start and losing anything else seems like a pain.
After eating things like ddukbokki, human food seems pretty interesting so I don't want to give up taste.
What?! I was about to choose touch...!
Too late! Choose something else.

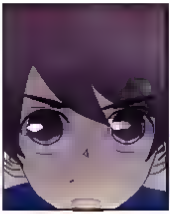
CHA SOO-IN: HEARING

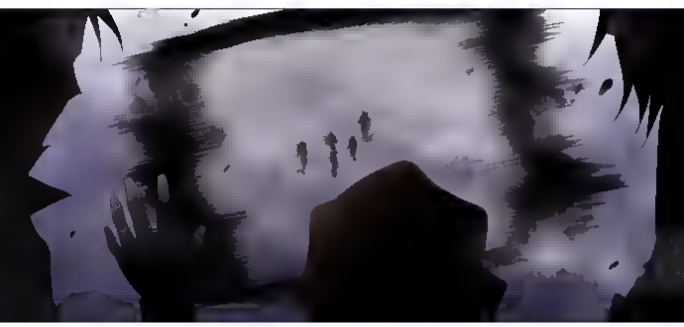
CHA SHI-HOON: TASTE



CHERUB: SIGHT

Hey, Ketchup.
You alright without your eyes? It's gonna be a pain if you hold us back~
Don't worry.
A head angel like me doesn't have any plans to receive help from a devil.
With my skills, even if I cannot see, I can sense their location.
I'll have no trouble even if I don't have my eyes.
Hoh~

HE CAN SENSE THEIR LOCATION...
EVEN WHEN HE CANNOT SEE...?!



Those humans.
CRACKLE
CRACKLE
They finally arrived.

I thought I was going to die from boredom from waiting.
YA-WN
The senses they all chose... You all know them, right?
Of course. Since we saw everything through that screen of yours, June.

In this forest... Even we cannot avoid the restrictions.
However, there is one large difference between us and them.
We know... Exactly what senses they all chose.
We know their weaknesses. This is very valuable information.

Basically, we have an overwhelming advantage over those guys...

This was a good plan.
The fact that they even entered this forest is to our advantage.
We lure our prey in and slowly restrict their movements little by little...
That's how us hunters work.

Some head angel bastard seemed to have squeezed in, but .
CRACKLE
That doesn't matter.
CRACKLE
Since we also called in reinforcements as well.
If the prey is a head angel... Hunters will be flocking over to take a chance at that guy.

If any of them defeats a head angel, their prestige would significantly increase among the demons...
There are plenty who aim for that prestige...
For those kind of guys, there's no better opportunity than this...

Thanks to that a lot of skilled fellows gathered here...

We even tagged on those souls we captured for free.
Of course ...

We kept the fact that they're humans... a secret...

June, with the Forest of Restriction you made...

You can arrange it so that those demons only face the head angel and not the humans, right?

I chose the one I'll have the easiest time hunting.
Then it's decided.

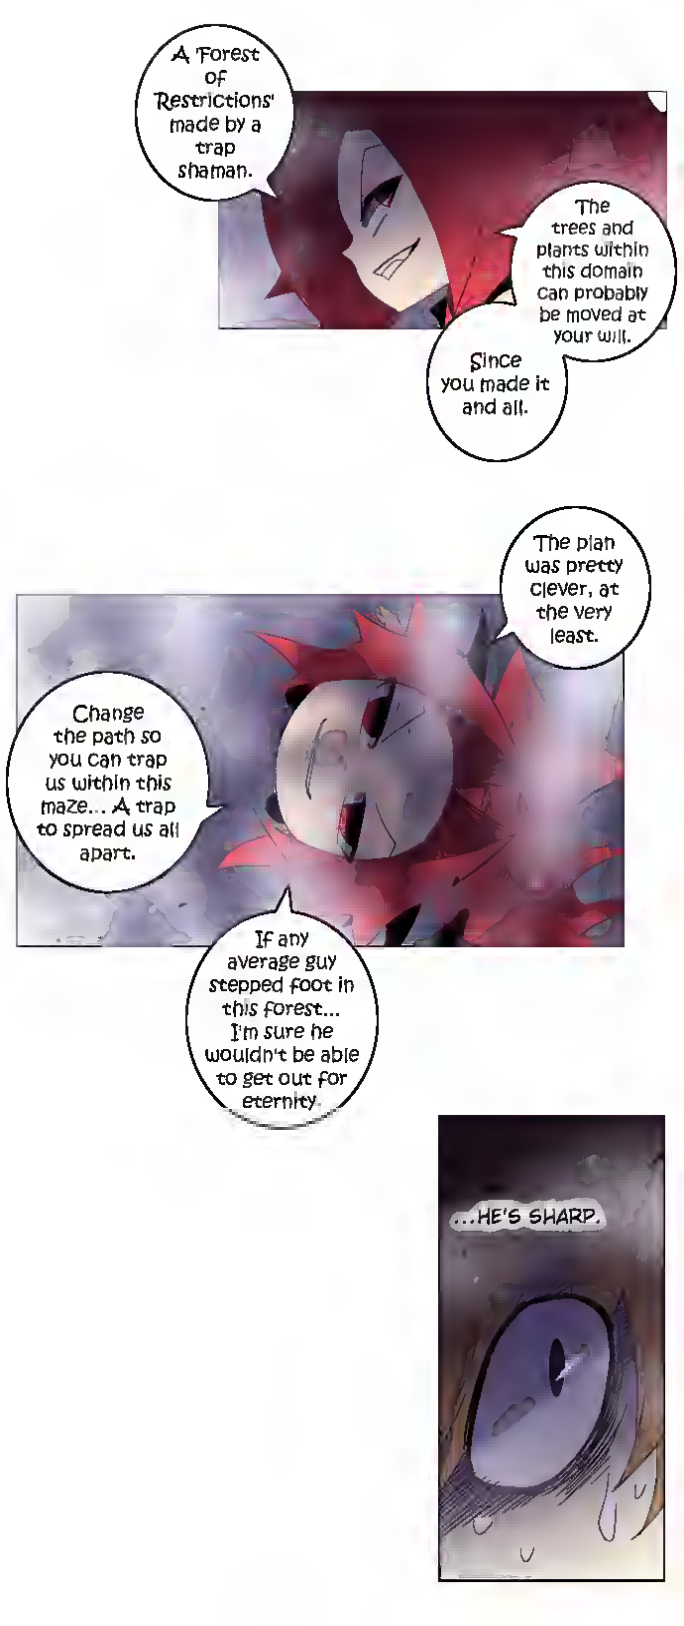
SO I... TRANSFORMED THE FOREST... TO MAKE IT THREE TIMES MORE COMPLICATED THAN BEFORE...

SO THAT WAY HE COULDN'T FIND ME...!
BUT HOW... HOW COULD THIS BE...?!!
This is... Similar to a maze, right?



A 'Forest of Restrictions' made by a trap shaman.
The trees and plants within this domain can probably be moved at your will.
Since you made it and all.
The plan was pretty clever, at the very least.
Change the path so you can trap us within this maze... A trap to spread us all apart.
If any average guy stepped foot in this forest... I'm sure he wouldn't be able to get out for eternity.
...HE'S SHARP.

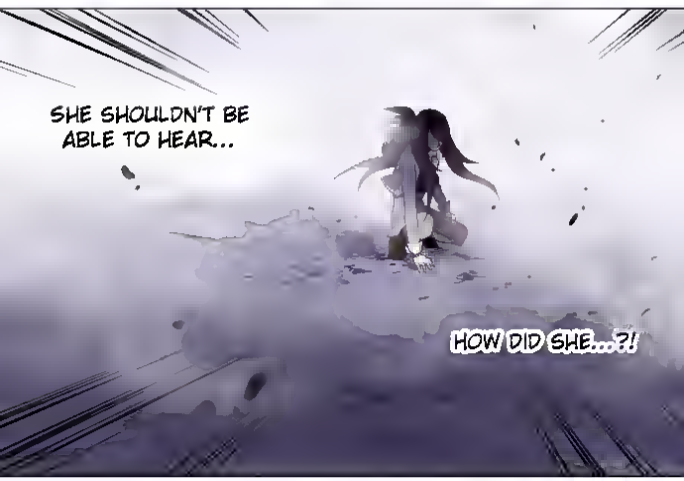
SFX SKIIIIID



SHE SHOULDN'T BE ABLE TO HEAR...
HOW DID SHE...?!

...Though I cannot give an accurate assessment of this ability
From the marks left in the ground...
I can speculate that the hunter took an incredibly low posture before attacking
I suppose he gathered his strength in that form
The deep indents of the fingers and feet... Shows the aftermath of the attack
Afterwards, there's a high possibility that the hunter dashed in a single explosive movement
The result is as shown. The long skid mark over there

I cannot give an accurate gauge on his speed. . But it should be faster that no one can see
It would not be wise to try and block this attack
Although it was an ambush, this attack was powerful enough to take out experienced Azraels in one blow after all.
We should take it that this attack is tremendously powerful. Dodging would be ideal.
A skill that takes the full use of power and speed... But with the help of these indents, there are some disadvantages of the hunter we can take.
Judging by how the hunter must dig deep into the ground... The hunter will definitely emit much 'Noise' and 'Vibrations'.
It would be similar to a construction zone for a building.

Those two would be the hunter's disadvantages.
The time of the attack... If you pay attention to the noise and vibrations, it will be easy to grasp.
FAUST'S ASSUMPTIONS WERE RIGHT ON THE MARK.
SINCE I CANNOT HEAR RIGHT NOW...
IF I DIDN'T PAY ATTENTION TO THE VIBRATIONS IN THE GROUND, I WOULD HAVE DEFINITELY TAKEN THAT ATTACK.

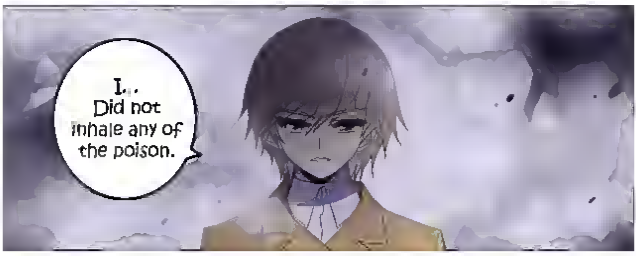
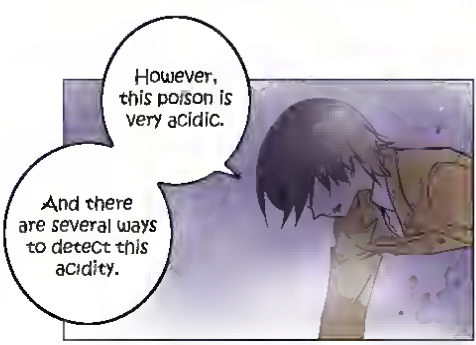
HOW DID YOU SURVIVE?!!
THERE'S NO WAY YOU WOULD BE SAFE AFTER INHALING THE GAS...!!
Of course, if I had inhaled the gas that would be the case.



I... Did not inhale any of the poison.

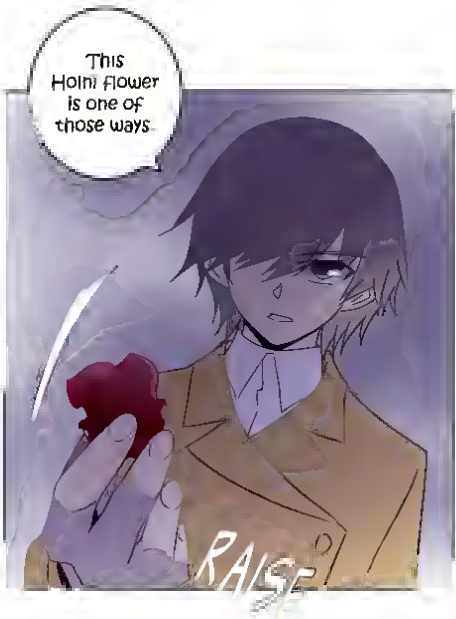
!!

THE DISTINCT TRAIT OF THE METELBAIN POISON IS THE LEMON-SCENT.
I, WHO HAS THE SENSE OF SMELL SEALED... CANNOT DETECT THAT SCENT.
THIS IS A FATAL WEAKNESS.

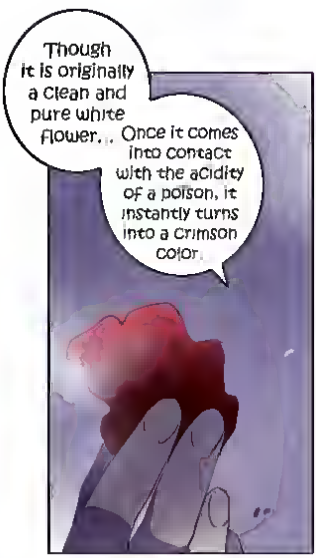


However, this poison is very acidic.
And there are several ways to detect this acidity.

And..

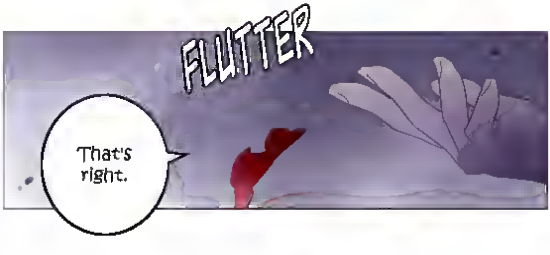


This Holni flower is one of those ways.
RAISE



Though it is originally a clean and pure white flower..
Once it comes into contact with the acidity of a poison, it instantly turns into a crimson color.

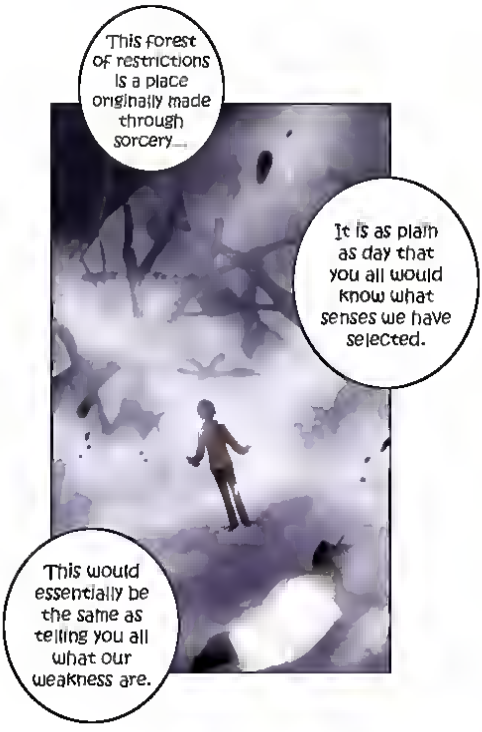
TH-THN...
THE FLOWER HE WAS HOLDING IN HIS HANDS UP UNTIL NOW...
WASN'T THERE TO ACT LIKE HE WAS SNIFFING THE FLOWER...



FLUTTER
That's right.

This was one of the methods. .
To detect the Metelbain poison.

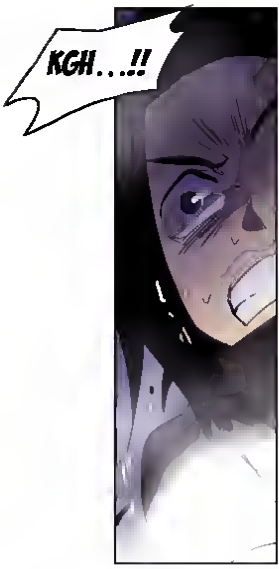
The reason why I sealed my sense of smell...
Was in order to. . Go against you, who uses poisons.
...!!
IN ORDER TO FACE ME...?!



This forest of restrictions is a place originally made through sorcery....
It is as plain as day that you all would know what senses we have selected.
This would essentially be the same as telling you all what our weakness are.

I have also taken note of some other points.
Mephisto saw something and chased after it...
Shi-hoon and Cherub split from the group momentarily, and did not return

Once I realized the truth behind these two points...
I speculated that your plan...
Was to utilize the restrictions we had... And exploit these weaknesses.
This can basically be seen as...
Divide and conquer.



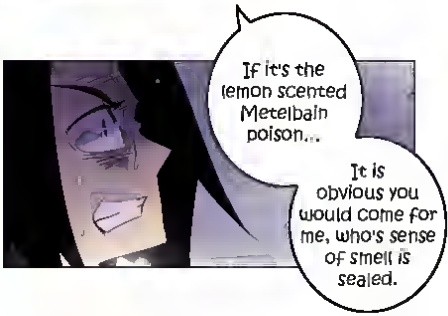
KGH...!!

We already knew... That there was a poison user amongst your group
The problem was... That the ability of using venomous gas, not only kills the opponent...
But also can kill an ally
This would probably be the reason why a poison user hunts alone.

The same goes for our side as well...

As long as a poison user exists, the level of danger traveling in a group was high.
Luckily, you all decided to divide and conquer and split us all apart.

So just as you all had planned.. I naturally went along with it, and split from the group.



If it's the lemon scented Metelbain poison...
It is obvious you would come for me, who's sense of smell is sealed.

...Just as you see here.

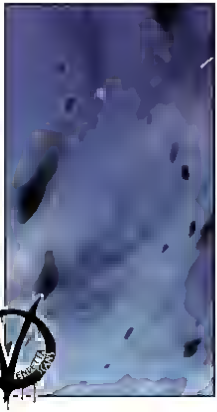
Finally, I have one more thing to say ..

Your comrades' situation...
Shouldn't be that different than yours.

...!...!!!
TH-THEY...
KNEW EVERYTHING ALL ALONG...!!!

Now then...
It is your turn to speak.

Tell me every last detail...
Of what is taking place within this forest.



STRE~ETCH
Yawn~

Haaaa~
I'm so bored~

Hey, when is that Nigul fellow coming?
I-It is about time he arrives. He'll be here soon.
Really?

YAWN~
...

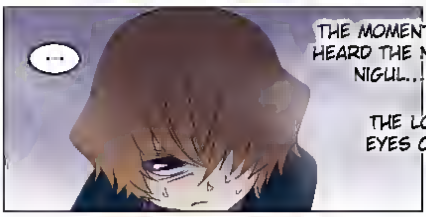
Now, if you have any last words, say it
Like a reason I shouldn't kill you...

...

N-Nigul...
?!

Nigul?!
That fellow is here?
N-Not now...
But soon... He'll be here soon...

Really?
Hmm~ That sounds fun.
We had a grand brawl in the past~ I wonder if he's stronger now?
Alright, I'll wait a bit.
Ah, that's right.
If you're lying, you're dead~



...
THE MOMENT HE HEARD THE NAME NIGUL...
THE LOOK IN HIS EYES CHANGED...

So basically...
It seems they wanted to split us all apart...
and adopt a plan of divide and conquer.

Truly a plan fit for a hunter.
Though it was a good plan...
There was a single flaw within that plan.

You misread our level of strength.

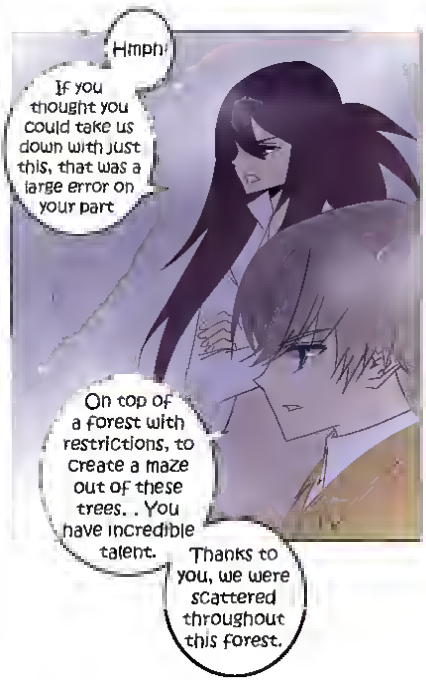
Y-You're... Faust?
So we finally meet face to face.

You must be the creator of this forest... The trap shaman June.



Hmph!
If you thought you could take us down with just this, that was a large error on your part
On top of a forest with restrictions, to create a maze out of these trees. . You have incredible talent.
Thanks to you, we were scattered throughout this forest.

However, the shifting of this forest... Suddenly ceased after some time.
I assumed that the reason behind this was that Mephistopheles had found you.
Utilizing the opportunity. Not only Miss Soo-in...
But even those souls you kept well-hidden within the forest... I found them all.

Everything went more smoothly than I imagined.
...
Don't tell me...

That you think you already won...?

Of course not.
I already heard from the poison user I captured.
The hunters you scattered within this forest numbers over thirty men...

Until we safely exit this forest...
Our victory is not secured.

Before my reincarnation, I stayed within the Afterworld... And I managed to befriend a large number of Azrael.
Among them, there was one who held a strong sense of responsibility and a sharp mind.
His name was Yago.

After my reincarnation, over a decade later, I managed to meet him once more, but...
Thanks to your group, I am not able to meet with my friend any longer.
On top of that Banu, in addition to showing great promise...
Safely guided countless souls to the other side.

So what. .

YOU SAYING YOU'RE GOING TO HAVE YOUR REVENGE?!
BY KILLING ME?!
No.
Even if I took such actions, it is not as if those who are gone will come back
However, I have no plans of letting your group do as you please.

GOD'S PAPYRUS- MAZE OF INFINITE

The Maze of Infinite
Using your three-fold maze as the base...
And... Utilizing my own vision, I reconstructed the entire maze.

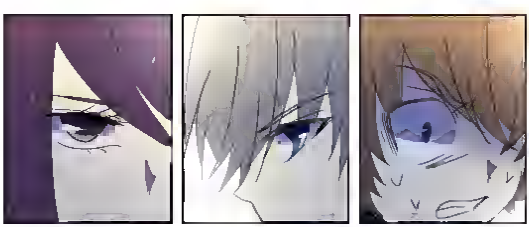
To be precise, it is about five hundred times larger than the Forest of Restriction you have created...
The maze buds and slowly evolves, branching out to about a 1000 different routes.
I am able to extend the maze as wide as I please. To infinite if I want

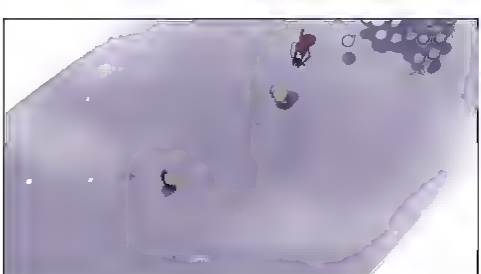
A maze that is able to... Slowly evolve?!
That is correct.

I am reversing the problem on you... This is something for you to solve.

If, per chance... You try to use levitation magic or teleportation magic in order to escape...
The maze is set so that it will transport you to a random location if you try.
There is one sole exit you are able to pass through. Just one.

This is.. The punishment I am giving...
For the 30 soul hunters you have stationed in this forest.





Now then, I must see to my other comrades, so farewell...

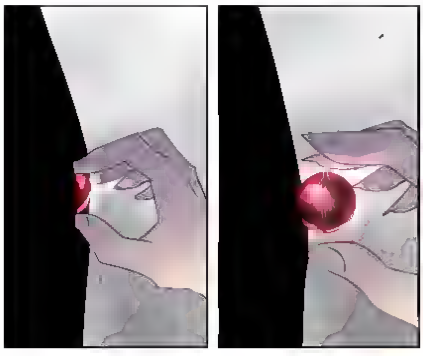
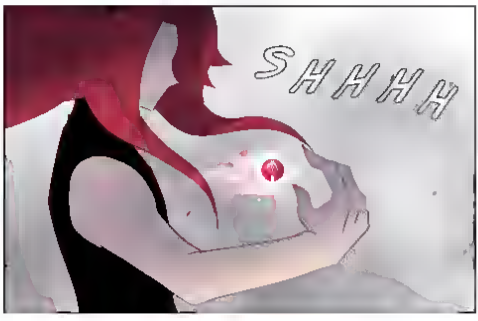
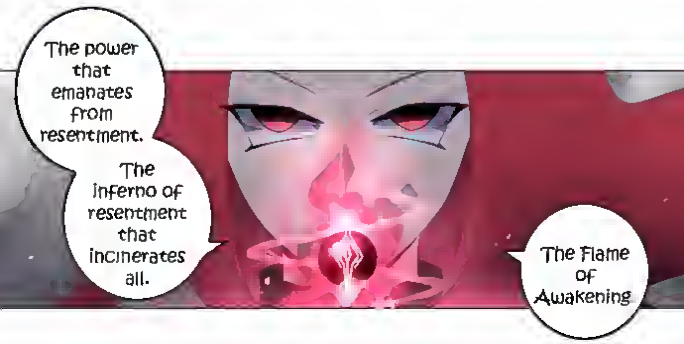
My heart is constantly ablaze.
That's because I carry the source of my flames within my heart.





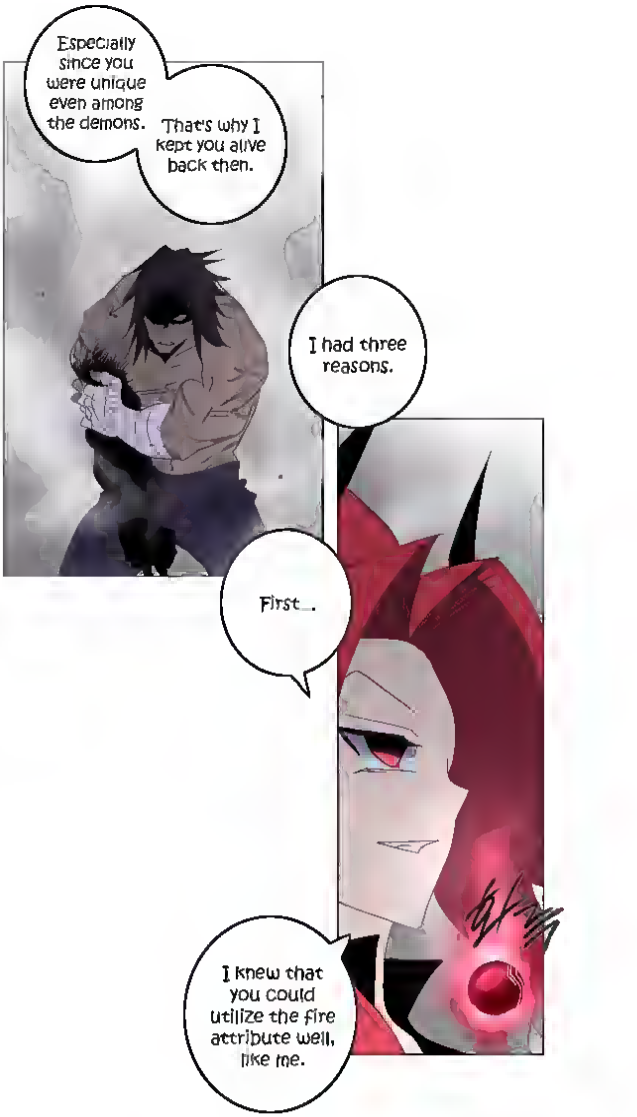
SHHHH

This is the source of my strength and flames...
Resentment

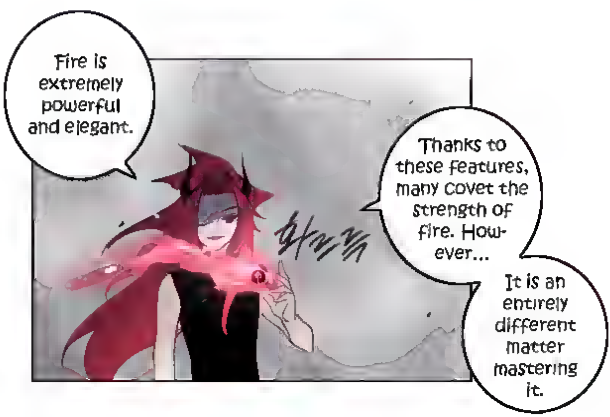


The power that emanates from resentment.
The inferno of resentment that incinerates all.
The Flame of Awakening

The fight we had 100 years back...
For me, who had fallen into such boredom... Was an incredibly entertaining sideshow.



Especially since you were unique even among the demons.
That's why I kept you alive back then.
I had three reasons.
First...
I knew that you could utilize the fire attribute well, like me.



Fire is extremely powerful and elegant.
Thanks to these features, many covet the strength of fire. However...
It is an entirely different matter mastering it.

Since if you make a single mistake, you can scorch your entire body.
BLAZE
Like you just now.
Contrary to the size of your body, you were able to utilize the fire attribute well.
At least up until now, when you scorched your entire arm...

The second reason was because had a talent for fighting.
Even whilst we fought, you grew stronger.
Had you waited and polished up your skills, we would have had a much more entertaining fight.

The final reason. .
Was because you were obsessed with fighting.

You had an endless pursuit of strength.
Chasing for the feeling of ecstasy as you fight.
Which meant you and I were the same.
That's why you couldn't forget the fight 100 years back and sought me out.

To your own grave, that is.

No need to feel ashamed.
You pulled out all your strength to the very limits and fought well

That was merely... All that you were capable of.
However, that's enough.
I have no use for you any longer.

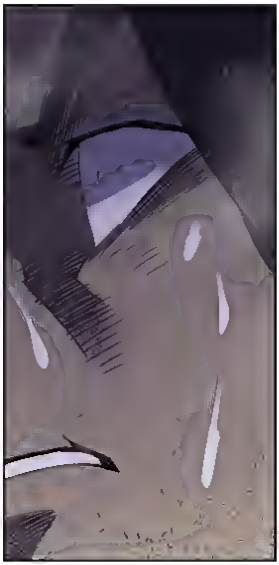
I have found more interesting guys to play with.

Nigul, do you remember that human child you fought earlier?

That guy... Just arrived to the Underworld. He doesn't even have a month's worth of experience a demon would have.
A guy like that chose not to run away in fear, but to stand his ground against you.

That guy has a vast talent that doesn't even compare to you.
But do you know what's even more entertaining?
There's another human that's like him.

One has sleeping talent and courage
The other has overwhelming knowledge and commitment
Although they contrast each other, they both hold innate potential.
Merely watching over them proves to be extremely interesting.
I can care less about you now.



Resent-
ment.

This isn't an ability that utilizes strength like you.
This is a singular organism.
The nucleus of a cell, the embodiment of strength.

Michael-nim, did you find any clues about our parents?

What's wrong, Faust?
This is...

An unresolved classified case.

...!!
An unresolved ... classified case?

The case which concerns your parents...
Was a case where an unidentified person trespassed into the human world.
How the person entered the human world, what his motives are . The identity of that person...
Everything is unclear.
However, according to the investigations file...
The intruder was either a devil, one of the special clans within the Underworld
Or someone among the demons.
Whether the person carried this out alone or with others, we don't know. However, it is clear that this individual is extremely dangerous.

The Azrael investigator that wrote this file went missing a decade ago.
Now, the only records of this case is the file you are holding now.
That's why... You classified this under the highest level of unresolved cases...
Correct. Unresolved classified cases are assigned special numbers and code names.

This case's number is 11.

It's a shame, but... there were no clear leads on your parents within this file.
Whether the missing investigator left behind more files or not... It is currently under investigation.
SHWIP
But there is one more peculiar point.
The investigator that was in charge of this case... The location where he went missing was...
Around the same spot where your parents were dragged into the Underworld.

The location your parents were dragged into, along with the missing Azrael investigator is 4th prison district.
At the time we investigated that location, we were unable to find any particular leads.
However, things could be different for your group.

Would you like to go and take a look?
Exactly where is. .
The 4th prison district?
WOBBLE

Geez... Did I never tell you?
HUH?
HUUH?!
The 4th prison district is...

One of the boundaries that divide the Underworld.
It basically divides Hell.
Hell is comprised of a total of 9 prisons.
The highest portion where we currently stand is called the 1st prison district.
Right under us is the 2nd prison district and below that is the 3rd prison district. It's basically divided up like that.
The very bottom is the 9th prison district.

Ah, so they divide up the floors.
Then if it's the 4th prison district... Does that mean we have to go down 3 more times?!
Yup.

I see...
Then if the 9th prison district is the last floor of hell...
What could be in that place?

COMIC READING HIGH QUALITY SCANS AT

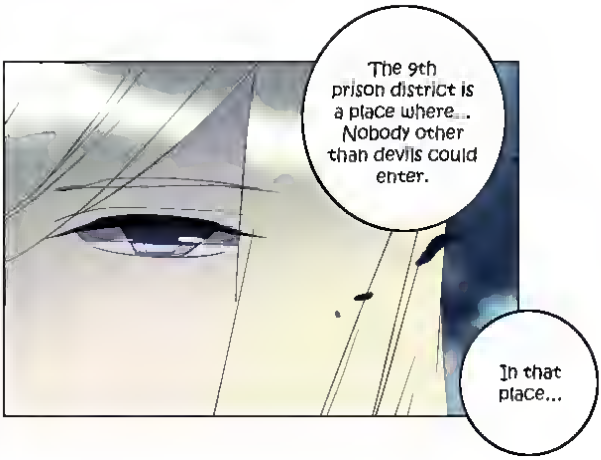
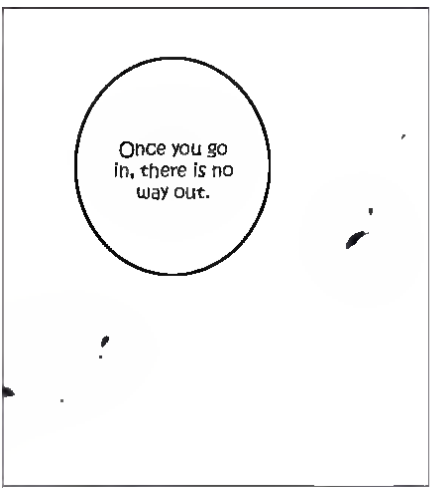
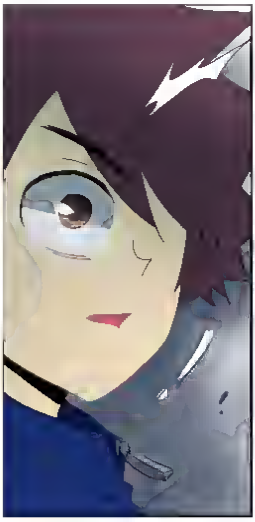
Shi-hoon, that's...
Faust-nim, allow me to explain.



The 9th prison district is a place where... Nobody other than devils could enter.
In that place...



Once you go in, there is no way out.



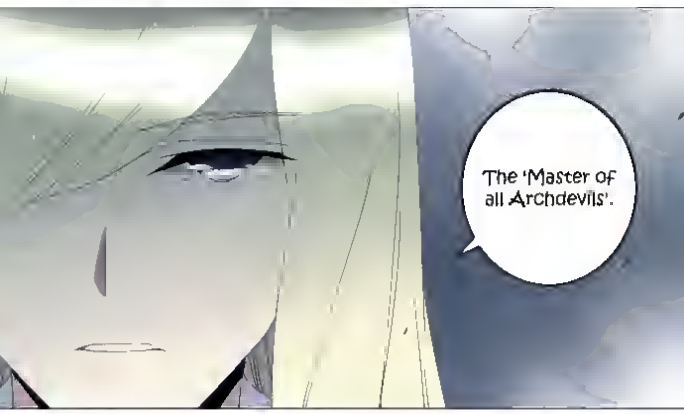
THAT LOCATION... EXISTED FOR EONS...
NO, EXISTED SINCE THE DAWN OF THE WORLD... IT IS A PLACE WHERE THE BEING WHO OPPOSED GOD RESIDES.
THE PLACE WHERE DEVILS DWELL, THE END OF HELL.
WE REGARD THAT LOCATION AS THE PLACE WHERE DARKNESS BEGAN

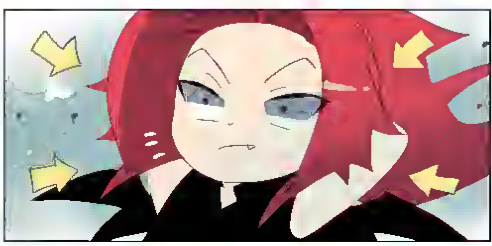
FOR THE ANGELS AND AZRAEL, ALONG WITH THE GUARDING OF GOD...

THEIR MOST VITAL PURPOSE IS TO PURIFY THAT PLACE...

ALSO...

WE CALL THE SOURCE OF ALL DARKNESS...





WH-WHAT!!
WHAT ARE YOU STARING AT?
If you want to go, then go.
I really can care less.

The angels can also come at me whenever they want~ I'll take them on anytime.

That's right~ I'm more than thankful for the effort you put in...

Then, for now...
We'll head down to the 4th prison district.

Alright. Please be careful.

We will also start preparing.
Prepar-ing?
Yes.

I have created an investigations team. .

Which will reinvestigate the case from the very beginning.
